

Amphenol®

MIL-DTL-38999

Series III Core Range

BLACK ZINC NICKEL

Amphenol Ltd has responded to the requirements of the commercial, industrial and military markets to move away from the use of hazardous materials such as cadmium, by developing the RoHS compliant Black Zinc Nickel plating. This is available on a wide variety of connectors including proprietary MIL-DTL-38999. This conductive and non-reflective black finish is approved for 500hrs salt spray endurance and is fast becoming the new Defence Industry standard.

Key Features

- **Environmental** RoHS compliant, Cadmium free
- **Salt Spray** 500hrs endurance with shell-to-shell continuity $<5\text{m}\Omega$
- **Shell-to-Shell Continuity** Less than $<2.5\text{m}\Omega$ initially
- **Mechanical** 500 mating cycles, non magnetic
- **Temperature Range** -65° to $+175^{\circ}\text{C}$ in accordance with MIL-DTL-38999
- **Compatibility** No significant galvanic reaction with cadmium, zinc cobalt or electroless nickel plated parts
- **Availability** Deployed on standard connector ranges such as MIL-DTL-38999, MIL-C-26482, Rhino Power

Amphenol: MIL-DTL-38999 Capability

The Amphenol Corporation offers the largest selection of MIL-DTL-38999 connectors in the world with fully QPL approved manufacturing sites in the UK, USA, France and India.

Amphenol Ltd, based in Whitstable, UK, designs, manufactures and markets circular, rectangular, electronic, fibre-optic and EMI/EMP filtered connectors as well as a variety of special application interconnect systems.

This product catalogue defines Amphenol Ltd's core range of MIL-DTL-38999 Series III connectors that are aligned technically, commercially and logistically to the demands of an ever changing and highly competitive marketplace.

By focusing on a preferred range of insert arrangements and shell styles, Amphenol Ltd is able to drive efficiencies through manufacturing processes which enable reduced lead-times and MOQs thus making Amphenol Ltd a highly effective, cost efficient supply chain partner.

The core MIL-DTL-38999 Series III product range highlighted within this catalogue is available as either proprietary or fully QPL qualified and in plating finishes including Cadmium or Black Zinc-Nickel. Other plating finishes and shell materials such as Stainless Steel, Nickel Aluminium Bronze and Titanium are also available.

To meet the demands of the markets and applications MIL-DTL-38999 connectors can also be supplied with integrated EMI and EMP filters, hermetic sealing and as cable harnesses or equipment panels.

Amphenol Ltd has aligned this selected product offering with Value Added Distribution partners who can deliver small and medium volume connector orders in as little as 48hrs. Distribution partners provide customers with a one-stop source for all needs from concept and prototype phases, through production, to lifetime programme support.

For details of Amphenol Ltd's complete range of MIL-DTL-38999 connectors please see the full catalogue at www.amphenol.co.uk/38999

Styles

TV06 (D38999/26) - Straight Plug

Shell Size	MS Shell Size Code	Q Max.	V Thread Metric

Мы молодая и активно развивающаяся компания в области поставок электронных компонентов. Мы поставляем электронные компоненты отечественного и импортного производства напрямую от производителей и с крупнейших складов мира.

Благодаря сотрудничеству с мировыми поставщиками мы осуществляем комплексные и плановые поставки широчайшего спектра электронных компонентов.

Собственная эффективная логистика и склад в обеспечивает надежную поставку продукции в точно указанные сроки по всей России.

Мы осуществляем техническую поддержку нашим клиентам и предпродажную проверку качества продукции. На все поставляемые продукты мы предоставляем гарантию .

Осуществляем поставки продукции под контролем ВП МО РФ на предприятия военно-промышленного комплекса России , а также работаем в рамках 275 ФЗ с открытием отдельных счетов в уполномоченном банке. Система менеджмента качества компании соответствует требованиям ГОСТ ISO 9001.

Минимальные сроки поставки, гибкие цены, неограниченный ассортимент и индивидуальный подход к клиентам являются основой для выстраивания долгосрочного и эффективного сотрудничества с предприятиями радиоэлектронной промышленности, предприятиями ВПК и научно-исследовательскими институтами России.

С нами вы становитесь еще успешнее!
