

**SERIES:** SDI40-UD | **DESCRIPTION:** AC-DC POWER SUPPLY

**FEATURES**

- up to 40 W continuous power
- DoE Level VI, CoC Tier 2 efficiency
- universal input voltage range
- compact size
- no load power consumption < 0.075 W
- over voltage and short circuit protections
- UL/cUL, GS, and PSE safety approvals
- custom designs available
- class II construction

| MODEL       | output<br>voltage | output<br>current<br>max | output<br>power<br>max | ripple<br>and noise <sup>1</sup><br>max | efficiency<br>level <sup>2</sup> |
|-------------|-------------------|--------------------------|------------------------|-----------------------------------------|----------------------------------|
|             | (Vdc)             | (A)                      | (W)                    | (mVp-p)                                 |                                  |
| SDI40-12-UD | 12                | 3                        | 36                     | 200                                     | VI                               |
| SDI40-15-UD | 15                | 2.7                      | 40.5                   | 200                                     | VI                               |
| SDI40-19-UD | 19                | 2.1                      | 40                     | 300                                     | VI                               |
| SDI40-24-UD | 24                | 1.7                      | 40.8                   | 300                                     | VI                               |

Notes: 1. Measured at 100~240 Vac input, full load, 20 MHz bandwidth oscilloscope, output terminated with a 10  $\mu$ F aluminum electrolytic and 0.1  $\mu$ F ceramic capacitor.  
 2. CoC Tier 2 compliant

**PART NUMBER KEY**

## INPUT

| parameter                 | conditions/description | min | typ | max   | units |
|---------------------------|------------------------|-----|-----|-------|-------|
| voltage                   |                        | 90  |     | 264   | Vac   |
| frequency                 |                        | 47  |     | 63    | Hz    |
| current                   |                        |     |     | 1     | A     |
| leakage current           |                        |     |     | 0.25  | mA    |
| no load power consumption |                        |     |     | 0.075 | W     |

## OUTPUT

| parameter       | conditions/description | min | typ | max | units |
|-----------------|------------------------|-----|-----|-----|-------|
| load regulation |                        |     | ±5  |     | %     |

## PROTECTIONS

| parameter                | conditions/description          | min | typ | max | units |
|--------------------------|---------------------------------|-----|-----|-----|-------|
| over voltage protection  | 12 Vdc output model             |     |     | 16  | Vdc   |
|                          | 15 Vdc output model             |     |     | 22  | Vdc   |
|                          | 19 Vdc output model             |     |     | 27  | Vdc   |
|                          | 24 Vdc output model             |     |     | 32  | Vdc   |
| over current protection  | 12 Vdc output model             |     |     | 5   | A     |
|                          | 15 Vdc output model             |     |     | 4.3 | A     |
|                          | 19 Vdc output model             |     |     | 5   | A     |
|                          | 24 Vdc output model             |     |     | 2.8 | A     |
| short circuit protection | output shut down, auto recovery |     |     |     |       |

## SAFETY & COMPLIANCE

| parameter            | conditions/description                | min | typ   | max | units |
|----------------------|---------------------------------------|-----|-------|-----|-------|
| isolation voltage    | input to output at 10 mA for 1 minute |     | 3,000 |     | Vac   |
|                      |                                       |     | 4,242 |     | Vdc   |
| isolation resistance | input to output at 500 Vdc            | 100 |       |     | MΩ    |
| safety approvals     | UL/cUL, GS, PSE                       |     |       |     |       |
| EMI/EMC              | FCC Part 15B Class B, CE              |     |       |     |       |
| RoHS                 | 2011/65/EU                            |     |       |     |       |

## ENVIRONMENTAL

| parameter             | conditions/description | min | typ | max | units |
|-----------------------|------------------------|-----|-----|-----|-------|
| operating temperature |                        | 0   |     | 40  | °C    |
| storage temperature   |                        | -10 |     | 70  | °C    |
| operating humidity    | non-condensing         | 20  |     | 80  | %     |
| storage humidity      | non-condensing         | 10  |     | 90  | %     |

MECHANICAL

| parameter  | conditions/description | min | typ | max | units |

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

CUI offers a one (1) year limited warranty. Complete warranty information is listed on our website.

CUI reserves the right to make changes to the product at any time without notice. Information provided by CUI is believed to be accurate and reliable. However, no responsibility is assumed by CUI for its use, nor for any infringements of patents or other rights of third parties which may result from its use.

CUI products are not authorized or warranted for use as critical components in equipment that requires an extremely high level of reliability. A critical component is any component of a life support device or system whose failure to perform can be reasonably expected to cause the failure of the life support device or system, or to affect its safety or effectiveness.

**Стандарт  
Электрон  
Связь**

Мы молодая и активно развивающаяся компания в области поставок электронных компонентов. Мы поставляем электронные компоненты отечественного и импортного производства напрямую от производителей и с крупнейших складов мира.

Благодаря сотрудничеству с мировыми поставщиками мы осуществляем комплексные и плановые поставки широчайшего спектра электронных компонентов.

Собственная эффективная логистика и склад в обеспечивает надежную поставку продукции в точно указанные сроки по всей России.

Мы осуществляем техническую поддержку нашим клиентам и предпродажную проверку качества продукции. На все поставляемые продукты мы предоставляем гарантию .

Осуществляем поставки продукции под контролем ВП МО РФ на предприятия военно-промышленного комплекса России , а также работаем в рамках 275 ФЗ с открытием отдельных счетов в уполномоченном банке. Система менеджмента качества компании соответствует требованиям ГОСТ ISO 9001.

Минимальные сроки поставки, гибкие цены, неограниченный ассортимент и индивидуальный подход к клиентам являются основой для выстраивания долгосрочного и эффективного сотрудничества с предприятиями радиоэлектронной промышленности, предприятиями ВПК и научно-исследовательскими институтами России.

С нами вы становитесь еще успешнее!
