

Crimpmate Range - RSV 1.6

The rectangular connector system RSV 1.6 in 5.00 mm pitch guarantees the highest proven contact reliability during strong vibration. Without any screws: When the connector is plugged in, the pin headers and socket blocks lock together and can only be separated when the release levers are activated.

To achieve the high density of connections required, the RSV 1.6 has been designed utilising crimp technology. This connection technique permits the components to be pre-assembled in large batches. Thus, the crimpmate range saves space and combines safe contacts and swift installation.

Two crimp contact systems are available for use with the RSV 1.6: GB/GS - is the low cost "fit-for-use" system. CB/CS - is the high-spec, high vibration resistant, high mating cycles option.

Product features overview:

- vibration-resistant due to a high-quality contact system
- integrated fixing flanges for the printed circuit board headers
- locking latches ensure a secure connection of the socket block to the pin header
- multi-row capability provides a high connection density
- protection against incorrect insertion
- large selection of accessories

Contact system GS/GB

- low cost and reliable contacts
- up to 100 mating cycles (gold-plated version)
- up to 50 mating cycles (tin-plated version)

Contact system CS/CB

- proven crimp contact design with four defined contact points
- locking latch in upper steel spring for non-slip contact fit
- up to 500 mating cycles (gold-plated version)
- up to 100 mating cycles (tin-plated version)

Crimp contacts GS/GB

The contact system GS/GB must not be combined with the CS/CB system!

Мы молодая и активно развивающаяся компания в области поставок электронных компонентов. Мы поставляем электронные компоненты отечественного и импортного производства напрямую от производителей и с крупнейших складов мира.

Благодаря сотрудничеству с мировыми поставщиками мы осуществляем комплексные и плановые поставки широчайшего спектра электронных компонентов.

Собственная эффективная логистика и склад в обеспечивает надежную поставку продукции в точно указанные сроки по всей России.

Мы осуществляем техническую поддержку нашим клиентам и предпродажную проверку качества продукции. На все поставляемые продукты мы предоставляем гарантию .

Осуществляем поставки продукции под контролем ВП МО РФ на предприятия военно-промышленного комплекса России , а также работаем в рамках 275 ФЗ с открытием отдельных счетов в уполномоченном банке. Система менеджмента качества компании соответствует требованиям ГОСТ ISO 9001.

Минимальные сроки поставки, гибкие цены, неограниченный ассортимент и индивидуальный подход к клиентам являются основой для выстраивания долгосрочного и эффективного сотрудничества с предприятиями радиоэлектронной промышленности, предприятиями ВПК и научно-исследовательскими институтами России.

С нами вы становитесь еще успешнее!
